AHC10120 – Certificate I in Conservation and Ecosystem Management

Qualification Description

This qualification provides foundation level skills and knowledge required for initial work, community involvement, or as an introduction to further learning in conservation and ecosystem management.

Individuals with this qualification will have basic foundational, technical and communications skills required to undertake defined routine tasks in conservation work in a highly structured work environment.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Applicable occupations are:

- Entry level Wildlife Officers
- Entry level environmental staff
- Environmental Trainees and workers
- Preparation for a career in the Environmental and Revegetation industry

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in: 6 units of competency (3 core units plus 3 elective units) Electives are to be selected from the elective list or from the elective lists of Certificates I or II of this or any other endorsed Training Package or Accredited Course. Selected units must be relevant to job outcomes in conservation and land management and must be chosen to ensure the integrity of the qualification outcome at AQF level 1.
