

BSB40520 Certificate IV in Leadership & Management

DESCRIPTION

This qualification reflects the role of individuals working as developing and emerging leaders and managers in a range of enterprise and industry contexts.

As well as assuming responsibility for their own performance, individuals at this level are likely to provide leadership, guidance and support to others. They may also have some responsibility for organising and monitoring the output of teams.

They apply solutions to a defined range of predictable and unpredictable problems, and analyse and evaluate information from a variety of sources.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

OVERVIEW

This course is delivered in a face to face workshop and industry field placement format incorporating knowledge-based theory assessment and field practical assessment activities conducted over a day depending on the knowledge skill and competency of participants.
