

PUAFIR209 Work Safely Around Aircraft

DESCRIPTION

This unit covers the competency required to apply safe work practices when operating in or around aircraft at an airbase and when engaged in a range of non-specialist, air operations activities. Aviation operations occur in a heavily regulated environment. Licensing, legislative, regulatory or certification requirements are applicable to this unit. This unit applies to personnel performing primary aviation roles within the Australasian Inter-service Incident Management System (AIIMS) and all other aviation support roles when operating in or around aircraft. The primary AIIMS aviation roles that require this unit are Air Operations Manager, Aircraft Officer, Air Observer, Air Attack Supervisor and Air Base Manager. This also includes aerial pest operators, shooters and professional marksmen who operate as part of aircraft operating crew. Whilst there is no direct licensing outcome from this unit however activities undertaken in the application of duties may require appropriate licensing Commercial Pilots Licence, Feral Animal Control Firearms Licence, Aerial Chemical Distribution Licence etc.

OVERVIEW

This course is delivered in a face to face workshop format incorporating knowledge-based theory assessment and field practical assessment activities conducted over a one to two-day period depending on the knowledge skill and competency of participants.

PREREQUISITE UNITS

Nil (Not be a prohibited person under aviation security and access requirements)
